Professional Summary

AI Engineer with 5+ years of experience designing and deploying end-to-end Generative AI solutions. Specialized in **RAG systems**, **Agentic AI**, **Generative UI**, and production-grade LLM integration. Strong Full-Stack background (Python, React/Next.js) enabling delivery of complete AI products — from model to user interface. **66+ technical certifications** (AWS, Microsoft, Google, Oracle, IBM, MongoDB, Neo4j). Master's degree in Management Engineering with thesis on Generative UI and RAG systems.

Professional Experience

Independent Consultant

Rome, Italy

AI Engineer & Full-Stack Consultant

Jan 2020 – Present

Technical lead for AI architecture and end-to-end software development for clients in **E-commerce**, **FinTech**, and **IoT** sectors.

-  **Agentic AI & Generative UI**: Designed an OmniApp with autonomous AI agents and Generative UI, rendering React components in real-time via LLMs (LangChain, Vercel AI SDK). Multi-agent orchestration with fallback handling and streaming. **↓40% UI dev time**.
-  **Enterprise RAG Systems**: Built hybrid RAG pipelines (Vector + BM25 + iterative disambiguation) on 50K+ documents. **↓30% hallucinations** on enterprise chatbots.
-  **Full-Stack Platforms**: Delivered 5+ enterprise dashboards (React + Redux) and high-perf backends (FastAPI/Django). **<800ms P95 latency** via Redis + CDN caching.
-  **Legacy Modernization**: Led COBOL→Python migration (~50K LOC) using AI-assisted translation. **↑60% rewrite speed**.
-  **AI-Augmented Dev**: Daily use of GitHub Copilot, Cursor, Claude Code for development, debugging, and automated testing.
-  **DevOps & Cloud**: CI/CD (GitHub Actions), Docker/K8s, Azure & AWS deployments. OWASP compliance.

Education

Università Unimerctorum

Italy

Master's in Management Engineering – Digital Transformation, GPA: 27/30

Expected 2026

- **Thesis:** Framework for Generative UI and embedding-free RAG for enterprise systems.
- **Publications:** 2 papers under peer review for international journals.

Università Niccolò Cusano

Italy

Bachelor's in Management Engineering (L-9)

2018 – 2021

Thesis on K-Nearest Neighbors (KNN) algorithm applications.

Certifications (Selection from 66+)

 **AI & GenAI:** AWS Certified GenAI Developer Pro · Azure AI Engineer · Oracle OCI GenAI Pro · IBM Multimodal GenAI · Oracle AI Agent Studio

 **Data & ML:** IBM Data Science Pro · Oracle OCI Data Science Pro · Neo4j Graph Data Science · Google Data Analytics

 **Database:** MongoDB Associate Developer · Oracle AI Vector Search Pro · Neo4j Certified Professional

Security: Google Cybersecurity Pro · Microsoft AI & ML Foundations · Oracle OCI Foundations
